OUR MISSION: To provide year-round sports training and athletic competition in a variety of Olympic-style sports for children and adults with intellectual disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy and participate in a sharing of gifts, skills and friendship with their families, other Special Olympics athletes and the community.

REAL SPORTS: High-quality training and competition for athletes 8 years or older in an inclusive culture that stresses athletic excellence, rewards determination, emphasizes health and celebrates personal achievement. Athletes advance from local events to regional, state, national, and even international competitions.
