

## Special Olympics New York Inclusive Provider Directory

Special Olympics New York strives to help our athletes be the healthiest and happiest people they can be. It is our goal to assist every athlete, family and caregiver in finding follow-up care for any health concern they may face, from routine preventative visits, to care related to a health challenge. Our Inclusive Provider Directory was put together to help our athletes find accessible care in their Region.

This list was created in collaboration with our Special Olympics New York Health Advisory Council, as well as linking to the New York State ARC Clinics and Cerebral Palsy Associations of NYS Affiliates with Multispecialty Clinical Services. Thanks to these resources, our Provider Directory is comprised of care providers that are versed in caring for people with intellectual disabilities and accept at least one form of Medicaid.

Many providers have been recommended to be a part of this list by the SONY community and our Health partners. Special Olympics New York has compiled this list as a resource to assist our athletes, and does not solely endorse the following providers, and is not liable for any care received by the providers below.
